<p>I inform you of my wish to terminate the agreement for the provision of parking at the Taina marina referenced above and take note of the following information:</p> <p>In the case of early termination of the agreement, and whatever the reason, a notice period of one full month will be applied. The month of notice takes effect on the first day of the month following receipt of this letter from the marina services.</p> <p>The boat must vacate its parking space on the expiry date of the agreement under the conditions provided for by the internal regulations of the Taina marina. Otherwise, mooring fees at the current "passage boat" rate will then be applied..</p> <p>In accordance with the termination of the agreement, the services linked to the latter are automatically terminated on the same date.</p> <p><i>As the right to use parking is not transferable incidentally to ownership of the boat for the benefit of the new owner, the latter must, if he wishes to obtain an agreement for the unit purchased, make a registration request on the waiting list in accordance with the marina's internal regulations, if not already registered. The purchased unit will have to leave the place occupied by the former owner until an agreement is obtained, in which case he will have to pay mooring fees at the "passage boat" rate in force, from the purchase of the unit, until an agreement is obtained following purification of the waiting list or the definitive departure of the unit from the Taina marina.</i></p>
